LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Almost brand new. Most musicians would like to understand how their amplifiers work. For reason to either get a better tone, explain that tone to their serviceman, prevent an amplifier from failing on stage, perform a quick-fix on the job, do their own maintenance, maybe even start their own rep...
