Is Justified True Belief Knowledge?

Definition. Theory of mind is a theory insofar as the behavior of the other person, such as their statements and expressions, is the only thing being directly observed. The mind and its contents cannot be observed directly, so the existence and nature of the mind must be inferred. The presumption that others have a mind is termed a theory of mind because each human can only intuit the ...

Theory of mind - Wikipedia

Smiling Mind is a non-for-profit web and app-based meditation program developed by psychologists and educators to help bring mindfulness into your life.
