In this paper, we review the evidence for positive affect as a symptom cluster, and its neural underpinnings, and introduce a novel psychological treatment for anxiety and depression that targets appetitive responding. First, we review anhedonia in relation to positive and negative valence systems and current treatment approaches.

Treatment for Anhedonia: A Neuroscience Driven Approach

Late Registration - Schedule Adjustments. Schedule adjustments are allowed within the first week of each part of term. A schedule adjustment is defined as the adding of a course by a student with registration history for the current semester, switching sections, or being reinstated into a section in which the student was previously registered.
