My aim is to show that the state- and nation- building process of Poland was not destined to become "a country only for a season" as claimed by Prussian historians, though following a unique way, a nation state might have been successful by the beginning of the 19 th century if it had not felt victim to the will of territorial expansion by its neighboring empires (Weinberg, 1996, page. 42).

State- and Nation-Building in Poland - GRIN

Some commentators have used the term "nation-building" interchangeably with "state-building" (e.g. Rand report on America's role in nation-building). However, in both major schools of theory the state is the focus of thinking rather than the "nation" (nation conventionally refers to the population itself, as united by identity history, culture and language).
