Through the Language Glass: Why the World Looks Different ...

"Through the Language Glass" sounds equally wide-ranging -- the blurb on the American edition says adds as a subtitle "Why the World Looks Different in Other Languages". As it happens, the British edition has a more accurate subtitle "How Words Color Your World." The first half of the book is mostly about color, and the words we use for color.

Through the Language Glass: Why the World Looks Different ...

130 THROUGH THE LANGUAGE GLASS the pedantic sifting of subjunctives from aorists, moldy ablatives from rusty instrumentals. Linguists were making dramatic, even worldview changing discoveries. A vast unexplored terrain was being opened up, the languages of the American Indians, and what was revealed there

Through the language glass : why the world looks different ...

In Through the Looking-Glass, Carroll employs a different kind of "wordplay" from the puns of Wonderland. In fact, puns are looked down upon here, as evidenced by the fact that the only people who use them in Looking-Glass are the Gnat, who is directly told by Alice that puns are bad jokes (152), and the White Queen (170), who is characterized throughout the book as being foolish ...
