The Artist's Way is the seminal book on the subject of creativity. An international bestseller, millions of readers have found it to be an invaluable guide to living the artist's life. Still as vital today—or perhaps even more so—than it was when it was first published one decade ago, it is a powerfully provocative and inspiring work.

On the contrary, as we'll note over and over again (e.g., Chapters 2, 3, 4, and 6), our thinking is subject to several types of biases that can lead us badly astray. Here's one example: Think back over major projects on which you have worked in the past (writing term papers, cooking a complicated dish, painting your room).
